RUSH TO:

WE SELL TREASURE HUNTING!

What flavor do you want? We have “coins from the local park,” “cannonballs from an ancient battlefield,” “a Mason jar of gold and silver coins from a long-dead pioneer’s post-hole bank,” “gold nuggets from a cold California stream,” “Pieces of Eight from a 1700’s shipwreck on a florida beach,” “gold bars from an old Spanish treasure cache,” and even “the great outdoors with invigorating fresh air, exercise and sunshine.” All of these “treasures” can be put within your reach through our equipment and and our expertise.

Treasure Hunters make up one of the friendliest and most interesting groups of people in the world! We love being part of this outdoors fraternity and extend an invitation to you to come join us!

THE CUSTOMER KNOWS WHAT HE WANTS!

There are many approaches to take in designing. One is to design a product and then convince the customer that is what he/she wants. The opposite approach is to listen to the customer and design to his/her desires.

I strongly feel the Customer is far more intelligent in knowing what he/she wants. During the past three years, hundreds of hours in conversation with Treasure Hunters have been extremely valuable in defining these D-TEX detectors. Depth; weight; balance; control simplicity; efficiency in discrimination; dependability--all have been heavily stressed by you as being very important to your success and comfort--and these are what I want to deliver to you.

Though D-TEX has been producing quality detection equipment for three decades, we constantly strive to learn and develop better ways, better methods, and better components. Each of the employees at D-TEX takes extreme pride in producing for you an efficient, high quality machine.

We want to be your metal detector Company and seek every way possible to achieve this goal.

Frank Ball

**RECOMMENDED
FOR WEEKENDS
AND AMATEURS**

**MONEY KING

FISMER, BERRIER, AND HASKINS PREPARE FOR DEPARTURE ON SALVOR SHIP "WASP"

RECHARGEABLE BATTERIES ARE AVAILABLE FOR ANY OF THESE DETECTORS ON SPECIAL ORDER FOR \$48.00 PER SET.

DIGGING KNIFE

The sturdy 5½" blade is made of stainless steel. Fitted with hardwood, grip profile handle for prying and root chopping.

SOFT CARRYING BAG

Deluxe custom-designed protection for your new D-Tex Detector. Will hold collapsed detector without disassembling detector. Special pocket for digging tools, carrying strap and hand loop. Heavy duty construction.

D-TEX CAP

One size fit all.

SEARCHCOIL "SKID PLATES"

Protects the bottom of your detector search coils from scratches and wear (also keeps the resale value of your unit higher). For all D-Tex 8" and 10" Searchcoils.

HARD CARRYING CASE

Small enough to fit under airline seats but large enough to hold your D-Tex Detector, headphones, and digging tool. Has dual locks for security. Measures 7" x 14" x 20".

TREASURE POUCH

Made of extra-thick, brushed, real cowhide. Heavy stitching for rugged use. Metal bradded at pull-points. Large belt loop. Measures 9" x 10" for lots of treasure.

OPERATOR INSTRUCTIONS ARE AVAILABLE FOR ANY D-TEX DETECTOR FOR \$2.50 EACH PREPAYMENT.

LIFETIME WARRANTY

D-Tex Electronics Inc. warrants each D-Tex Metal Detector against defects in materials and workmanship for the life of the original retail purchaser. Should any D-Tex Detector fail to perform free of defects in material or workmanship D-TEX Electronics, upon notification in writing to its factory address at 614 Easy St., Garland, Texas, 75042, will, at its option, repair or replace the defective unit without charge, excluding transportation charges to and from the factory and a \$10.00 packing and handling fee. Naturally the warranty does not cover any detector that has been abused, tampered with or repaired by an unauthorized party.

D-Tex further warrants that any D-Tex Detector that proves defective in material or workmanship within the first thirty days after retail purchase will be replaced **FREE OF CHARGE** with a new identical unit by the D-Tex factory. Proof of purchase is required.

This warranty may vary in countries other than the USA. Rechargeable batteries are not included under this warranty.

This warranty gives you special legal rights and you may also have other rights which vary from state to state.

In order to insure the most advanced equipment is available to customers, changes may be made to equipment without notice. However, changes will be made only for product improvement.
