

NEW DETECTOR FOR OLD GOLD!

VLF-660 MOTHER LODE

A RUGGED, HI-TECH INSTRUMENT DESIGNED FOR TODAY'S ELECTRONIC PROSPECTOR. ENGINEERED FOR ZERO DISCRIMINATION & HIGH SENSITIVITY IN BLACK SAND & MINERALIZED SOIL. A PROVEN GOLD FINDER!

VLF-660 HANDLE MOUNT

VLF-660 PRO HIP MOUNT

ADVANCED METAL DETECTION FOR SERIOUS PROSPECTING

Also used by treasure hunters working "black sand" beaches or searching for small, deep targets beyond the range of ordinary "discriminating" detectors.

- **ZERO DISCRIMINATION.**
Prospectors know that even the slightest degree of discrimination will tune out small pieces of gold.
- **EXTRA POWERFUL GROUND REJECTION CIRCUITRY.**
A must for searching the black sand and highly mineralized soil where nuggets are found.
- **RUGGED, HIGH PERFORMANCE, NO FRILLS CONSTRUCTION.**
No meter. No extra knobs. Built for long hard use on the desert or in the mountains.
- **VLF-NORMAL MODE.**
For high all-metal sensitivity in highly mineralized soil.
- **VLF-MAX MODE.**
For extreme depth in lightly mineralized soil.
- **DOUBLE LOCKING LOWER STEM.**
No slip. No wobble. Adjust it and forget it.
- **EXTRA LONG NON-METALIC COIL ISOLATOR.**
No loss of sensitivity or detuning caused by metal parts near the search coil.
- **EXTRA LONG BATTERY LIFE.**
60 hours on inexpensive carbon zinc batteries. Even more using head-phones or alkaline batteries.
- **LIGHTWEIGHT, 8" E.S.I. SHIELDED SEARCH COIL.**
New "Floating" Double-D coil designed specifically for the VLF-660. No false signals, no drift, temperature stable.
- **PERFECTLY BALANCED "S" HANDLE (Pro model only).**
Comfortable grip and large foam lined arm rest.

VLF-660 MOTHER LODE

SPECIFICATIONS*

	VLF-660 Handle Mount	VLF-660 Pro Hip Mount
• PRICE, suggested retail	\$279.95	\$299.95
• LENGTH, extended	41"	51"
collapsed	36"	46"
WEIGHT, complete	4.5 LBS.	5.1 LBS.
handle and search coil		2.3 LBS.
control housing and straps		2.8 LBS.
• VLF-SEARCH FREQUENCY	4.5 KHz	
• SEARCH MODES	1. VLF-NORMAL, all metal	
	2. VLF-MAX, all metal	
• SEARCH COIL, diameter	8"	
type	"Floating" Double-D	
shielding	100% E.S.I.**	
waterproof	Yes	
interchangeable	Yes	
• AUDIO OUTPUT, frequency	450 Hz	
speaker	2 1/4" Diameter	
headphone jack	stereo/mono, 1/4", 8-16 ohms	
• BATTERIES	(12) 1.5V AA	
• BATTERY LIFE, intermittent use	60 hours, carbon zinc	
• WARRANTY	5 year Gold Seal, limited	

CONTROLS

- ON/OFF VOLUME
- GROUND REJECT, dual knob, coarse/fine.
- TUNER, super-fine 10 turn.
- SENSITIVITY, dual-mode, push-pull.
- BATTERY TEST, button and light emitting diode.

OPTIONAL ACCESSORIES

- 3 1/2" NUGGET COIL, E.S.I., lightweight.
- 11" DEEP SEARCH COIL, E.S.I., lightweight.
- ZERO BUOYANCY SEARCH COILS, 8" or 11" with 10' or 25' cable.
- VINYL CARRYING BAG, lined.
- CARRYING CASE, vinyl covered wood, steel reinforced, keylock.
- COIL COVERS, 3 1/2", 8", 11".
- STEREO HEADPHONES, with coil cord, volume controls.
- BODYMOUNT KIT, for handle mounted VLF-660 only.
