

"The Name That Means Treasure"

# Conquistador μMAX

## Same Name Different Technology

The Conquistador joined the Tesoro lineup only one short year ago, but it has made quite an impression. It was the first Tesoro detector to have a frequency shifter. Both relic hunters and competition hunters immediately fell in love with the unit. The detector's versatility proved to be the match for some of the toughest conditions in the world.

The Conquistador μMax uses our latest technology to make the Conquistador better. First, we used our latest microprocessor controlled PCB. The microprocessor controls the audio tone, frequency shift and the battery test for the Conquistador μMax. The Mode switch has been changed to include the switchable battery test. We have also added a VCO All Metal pinpointing feature. The most noticeable change is that the Frequency Shift switch has been moved up to the front of the faceplate. The "trigger switch" on the original Conquistador was great if you were right handed, but lefties had a bit of a problem with the placement. The Conquistador μMax will come standard with the 9 x 8 coil and will have the latest plastic faceplate.

### FEATURES:

<i>MicroMAX Design</i>	<i>3-Piece Knockdown Pole</i>
<i>Built-in Mineral Rejection</i>	<i>Silent Search DISC Mode</i>
<i>VLF 10kHz Frequency</i>	<i>Low Noise Circuitry</i>
<i>One Drop-in 9 volt Battery</i>	<i>Frequency Shifter</i>
<i>No-Motion All Metal Mode</i>	<i>9 x 8 Coil</i>
<i>Variable Threshold</i>	<i>Lifetime Warranty</i>

### SPECIFICATIONS

Operating Frequency .....	10.6 kHz, 10.4 kHz, 10.2 kHz
Searchcoil Type .....	Concentric
Searchcoil Size .....	9 x 8
Searchcoil Cable Length .....	Approx. 3 foot
Audio Frequency .....	Approx. 630 Hz
Audio Output ....	1½ inch speaker and headphone jack
Headphone Compatibility .....	¼ inch stereo plug
Weight .....	2.2 pounds (may vary slightly)
Battery Requirement .....	One 9 volt DC (alkaline)
Battery Life .....	10-20 hours (typical)
Optimum Temperature Range .....	30° F to 100° F
Optimum Humidity Range .....	0 to 75% R.H.
Operating Modes .....	No-Motion All Metal
.....	Silent Search Discriminate
