

# TOLTEC 100

## A SUPERIOR TARGET ID METAL DETECTOR!

### ★ TARGET IDENTIFICATION METER

You told us you wanted visual target ID in discriminate mode, with reliable readouts and uncompromised performance—a field-dependable feature, not an air-test gimmick. The TOLTEC 100 will deliver!

### ★ TARGET DEPTH INDICATION

Pinpoint in All Metals mode and get a fix on the depth of your target at the same time! We've designed the TOLTEC 100 for faster, more efficient recovery!

### ★ PRECISION MANUAL GROUND ADJUST

The same famed 10-turn, ultra-precise mineralization compensation control which proved so popular on the Eldorado has been incorporated into the TOLTEC 100! Tackle the toughest ground with complete confidence!

### ★ PUSH BUTTON MODE CHANGE

Split-second conversion from All Metals to Discriminate mode, and from Target Depth to Target ID!

### ★ AUTO-TUNE SWITCH

Select manual or fully automatic retuning in All Metals mode!

### ★ NEW TOP-MOUNT CONFIGURATION

Improved control access and greater ease of operation!

### ★ OPTIONAL CONVERSION KIT

Permits changeover to body mount configuration. Only \$29.95!

### ★ NOTCH FILTER DISCRIMINATION

With the addition of Tesoro's acclaimed Golden Sabre / Royal Sabre notch system, the TOLTEC 100 gives you total versatility in discriminate mode: conventional motion discrimination, notch filter selectivity, and target ID capability!

### ★ 12.5 KHZ OPERATION

### ★ 8½" CONCENTRIC SEARCHCOIL

### ★ 375 HZ AUDIO

### ★ 8-CELL "AA" POWER SUPPLY

### ★ OPERATING WEIGHT: 4 LBS.

### ★ ACCEPTS ALL TESORO ACCESSORIES

ONLY  
**\$589**

LIFETIME WARRANTY!

# A personal message from **JACK GIFFORD**

It's a pleasure to introduce the TOLTEC 100! After months of intensive research, development, and testing, we believe we've achieved everything you've been waiting for in a target ID detector, and more! As always, our emphasis is on solid, in-the-field performance. On that basis, we invite you to compare the TOLTEC 100 with any competitive brand. Check the depth, accuracy of ID and pinpointing, and ease of operation. When you do, we think you'll agree that there's no better target ID detector for the serious treasure hunter than the TOLTEC 100 from Tesoro! Listen to what these experts had to say...

"Finally, a company that recognizes where the largest separation should occur—between the nickel and the pulltab! The TOLTEC 100 has the widest meter separation and is easy to use!"— Gary Bischke, Outdoor Outfitters

"The TOLTEC 100 is a fine beach hunter's unit, handling wet-to-dry sand situations with ease! And it has great ID!"— Fred Brust, NTHL

"The TOLTEC 100's target ID is the best there is, period!"— Herb Dunn, Heartland Detector Co.

Be sure to watch for the special in-depth product reports on the TOLTEC 100 in Treasure, Lost Treasure, and Western & Eastern Treasures, too!

If you've wanted a target ID unit with the quality, performance, and value that you've come to expect from Tesoro, then the TOLTEC 100 should be your next detector!

Sincerely,

Jack Gifford
