

COINMASTER® 6000/DI SERIES 2

UNSURPASSED DEPTH DETECTION AND VISUAL DISCRIMINATION MAKE THIS TREASURE HUNTING'S FINEST INSTRUMENT

The advantage to hunting for buried treasure with White's new 6000/DI metal detector is that you find more treasure! The 6000/DI has a Visual Discrimination Indicator (VDI) that separates junk items from treasure items, and a Depth Indicator that aids in the recovery of coin sized objects. These two aids are part of the most sophisticated metal detector on the market. Serious treasure hunters, prospectors, and coinshooters will use the 6000/DI for maximum depth and sensitivity. They will appreciate the flexibility of the new battery system which features White's own drop-in pack of nickel cadmium rechargeable batteries and recharging in the instrument. Plus, an auxiliary pack of 4 alkaline "C" cells. Four modes of operation with push-button mode changing and improved resolution in the Ground Exclusion Balance (G.E.B.) and Discrimination controls make the 6000/DI a great detector to use in every treasure hunting situation. For experienced treasure hunters who are determined to find the valuables they are seeking, White's new 6000/DI is the leading metal detector manufacturer's finest instrument. You can be sure the 6000/DI will outperform every other metal detector available.

FEATURES:

- Quartz Crystal Controlled for Stability
- 4" Easy to read Meter with Visual Discrimination Indicator, Depth Reading and Battery check
- One Turn Tuner Control
- Modes: GEB/NORM, GEB/DISC, TR/DISC, GEB/MAX
- Push Button Mode Switching, Retuning and Meter Function for Visual Discrimination and Depth Reading
- Improved Tuning on the GEB and Discriminate controls
- ON-OFF control tests the Battery Pack and selects the Meter's proper sensitivity to minimum or maximum mineralization.
- New Battery system featuring White's own Drop-in Pack of nickel cadmiums that can be recharged IN the instrument
- Depth Capability: (GEB/MAX) 8-11 inches on U.S. 25¢ coin
- Loop: 8" Concentric, water resistant and interchangeable
- Slow sweep speed maximizes GEB/DISC performance
- GEB (Ground Exclusion Balance) cancels effects of ground mineralization
- DISC (Discrimination) control adjusts discrimination level to distinguish between "good" and "junk" items
- GEB/DISC Mode cancels Ground Mineralization while Discriminating against "junk"
- Low Battery Alert LED glows when batteries need recharging or replacing
- Nickel Cadmium Battery Pack and Charger Included
- 4 Alkaline "C" Cell Batteries and Holder included
- Built-in Speaker and 1/4" Mono Headphone Jack

ALL OF THESE FEATURES ARE
AVAILABLE ON A HIPMOUNT
MODEL AT NO EXTRA COST.

WEIGHT: 5 lbs.

PATENTS: U.S. 4030026, U.S. 4128803, U.S. 4293816.

TREASUREMASTER® PI 1000

FOR SURF HUNTING AND DEEP SEA SALVAGING - HERE'S SUPERIOR PULSE INDUCTION TECHNOLOGY AT AN AFFORDABLE PRICE.

NEW - IMPROVED! • Greater Depth Capability • Fiberglass Lower Rod for Extra Strength • Headband Adaptor for Mechanical Vibrator • Add-On Ballast Weight • 13" Rod Extension for Land Use. Engineered specifically for searching underwater, the PI 1000 is unaffected by either saltwater or mineralization, up to very heavy conditions. It has a single control for battery check, automatic ground balancing and automatic tuning. White's PI 1000 detects all metals at impressive depths: up to 10" on a silver dollar and many feet on objects with a large mass. It does all of this with the most advanced circuitry available for underwater detecting - Pulse Induction. Pulse Induction technology makes White's PI 1000 the most usable underwater metal detector available. And the price makes it one of the greatest values available in treasure hunting.

FEATURES:

- Performance capability down to a submerged depth of 200 feet
- Single Control: Turns unit ON, checks 6 "AA" batteries, automatically ground balances and tunes instrument
- Unaffected by saltwater and mineralization
- Circuit stability does not drift with changes in depth or temperature!
- Three detection signals: Mechanical vibrator that can be heard and felt and a LED that glows for Visual Indication (visible even in murky waters)
- Detects all metals
- 11" wide search coil with open design allows water to freely pass through
- Adjustable rod from 21" - 31"
- Electrostatically coated rod for durability
- 6 "AA" Alkaline batteries included (nickel cadmium batteries can also be used)
- Excellent results in both salt-water and fresh water
- Includes add-on weights to alter buoyancy from positive to negative.
- Includes 13" extension rod to adapt unit for land searching
- Includes adaptor so that mechanical vibrator can be worn on the head
- The PI 1000 has a bright orange color that is visible even in murky waters.
- Sophisticated enough for professionals - Simple enough for hobbyists.

\$499.95

WEIGHT: 4 lbs. 6 oz.

SERIES 2

COINMASTER® 6000/D SERIES 2

ONE OF WHITE'S FINEST METAL DETECTORS EVER MADE - SUPERIOR TECHNOLOGY WITH YEARS OF PROVEN FIELD SUCCESS

This instrument is designed for the experienced treasure hunter whose skills require a superior metal detector with exceptional depth and sensitivity capabilities. The Depth Reading feature on the 6000/D ranks it among the most sophisticated of White's complete line of metal detectors.

- 4" Easy view Meter for Depth Reading and Battery Check • Quartz crystal controlled • Modes: G.E.B./NORM, G.E.B./DISC, TR/DISC, G.E.B./MAX • Depth capability (G.E.B./MAX): 8-11 inches on U.S. 25¢ • Loop: 8" Concentric, water resistant and interchangeable • Slow sweep maximizes G.E.B./DISC performance • Cancels ground mineralization while discriminating against "junk" • Push Button retuning and Mode Changing • 6 and 8 cell (AA) battery packs • 6 and 8 cell nickel cadmium rechargeable battery packs with charger • Built-in Speaker and ¼" mono Headphone Jack

\$499.95

PATENTS: U.S. 4030026 U.S. 4128803 U.S. 4293816
CDN 103836 UK 1548239 (Other Patents Pending)

Weight: 5 lbs. 2 oz.

COINMASTER® 6000/D SERIES 2 HIPMOUNT

PROFESSIONALS PREFER WHITE'S MOST ADVANCED INSTRUMENTS AS A HIPMOUNT!

The same features as the 6000/D Series 2

- Same price as the 6000/D Series 2 Hand Held Model • More than 60% of the instrument's weight is supported by nylon straps to make extended hunting easier • Meter is conveniently located on top of control box for easy reading • Probe is light and more maneuverable without the control box weight • 8" interchangeable water resistant concentric loop • Perfect for searching in hard to reach places • Rod length is adjustable from 34" to 44" • Eliminates setting the control box on the ground while digging.

\$499.95

PATENTS: U.S. 4030026 U.S. 4128803
U.S. 4293816 CDN 1038036 UK 1548239

Weight: Case 2 lbs. 7 oz.
Rod 1 lb. 8 oz.

COINMASTER® 5000/D SERIES 2

"FOUR DETECTORS IN ONE" INSTRUMENT
The 5000/D Series 2 is an excellent instrument for the advanced treasure hunter. It provides the flexibility of searching in a wide variety of areas with a mode to suit each area. The advanced loop design gives reduced back reading, greater pinpointing accuracy and more stability.

- 3" Easy view Meter with Battery Check • Modes: G.E.B./NORM, G.E.B./DISC, TR/DISC, G.E.B./MAX • Depth capability (G.E.B./MAX): 8-9½ inches on U.S. 25¢ • Loop: 8" concentric, water resistant and interchangeable • Slow sweep speed maximizes G.E.B./DISC performance • Easy Push Button retuning and Mode Changing • Cancels mineralization while discriminating • Powerful 6 and 8 cell (AA) battery packs included • 6 and 8 cell nickel cadmium rechargeable battery packs with charger included • Built-in Speaker and ¼" mono Headphone Jack.

\$369.95

U.S. 4128803 CDN 103036 UK 1548239
Other Patents Pending

Weight: 5 lbs. 2 oz.

COINMASTER® 2/DB SERIES 2

A FLEXIBLE TR DISCRIMINATOR

For the treasure hunter who is looking for an exceptional TR instrument, the 2/DB is an excellent choice. This inexpensive model has many of the features of White's more sophisticated instruments. The Variable Discriminator cancels out the mineralized ground, or, discriminates against "junk". The Sensitivity control adjusts the response to ground.

- Expanded Range Discriminator • One turn Tuner for setting Threshold • Sensitivity control adjusts detector's response to all targets and ground conditions. • Push button on handle automatically resets threshold • 8" interchangeable concentric loop, water resistant • Meter to show target signal intensity • Low Battery Alert light warns when single 9 volt battery (included) needs replacing • Depth Capability: (With Discriminator set to GND REJ): 6" on U.S. 25¢ • Built-in Speaker and ¼" Headphone Jack.

\$169.95

Other Patents Pending

Weight: 3 lbs. 6 oz.

COINMASTER[®] 4000/D SERIES 2

IMPROVED AUDIO RESPONSE FOR
MORE ACCURATE DETECTION

The 4000/D Series 2 is White's lowest priced G.E.B. detector, and it has a full range Discriminator for use in the (TR) DISC mode. Analog circuitry makes this instrument one of White's best machines. It's designed for the user who wants a versatile machine with great sensitivity and depth.

Modes: G.E.B. and (TR) DISC.

- Depth capability (G.E.B. mode): 7' on U.S. 25¢
- Ground Balance control cancels mineralization.
- Expanded Range Discriminator distinguishes between "good" and "junk" items
- 3" Signal Intensity Meter
- 8" Interchangeable concentric water resistant loop
- Sensitivity control adjusts detector's response to targets and ground
- Low Battery Alert light warns when 6 cell AA battery pack (included) needs replacing
- Rechargeable 6 cell nickel cadmium battery pack and charger included
- Built-in speaker and ¼" mono headphone jack

\$269.95

PATENTS: U.S. 4293816 U.S. 4030026
UK 1548239 CDN 1038036 (Other Patents Pending)

Weight: 4 lbs. 8 oz.

COINMASTER[®] 4000/D SERIES 2 HIPMOUNT

GREATER COMFORT FOR EXTENDED TH'ing

The same features as
the 4000/D Series 2

\$269.95

- Same price as the 4000/D Series 2 Hand Held Model
- More than 50% of the instrument's weight is supported by nylon straps to make extended hunting easier
- Meter is conveniently placed on top of control box for easy reading
- Rod is lighter and more maneuverable without the control box weight
- Perfect for searching in hard to reach places
- Rod length is adjustable from 34" to 44"
- 8" interchangeable concentric water resistant loop
- Eliminates setting control box on ground while digging.

Rod 1 lb. 8 oz.
Weight: Case 2 lbs. 4 oz.

COINMASTER[®] 1/DB SERIES 2

TR DISCRIMINATION AT ITS LOWEST PRICE

The 1/DB Series 2 helps the developing treasure hunter to be more confident about locating targets, and increases the success rate for valuable finds. The Variable Discriminator distinguishes between "good" and "junk" items, or, it can be used to cancel the effects of mineralized ground to detect all metals.

- Expanded Range Discriminator distinguishes between "good" and "junk" items
- One turn Tuner control for setting Threshold
- 8" Interchangeable concentric loop, water resistant
- Low Battery Alert light warns when single 9 volt battery (included) needs replacing
- Depth capability: (With discriminator set to GND REJ): 6' on U.S. 25¢
- Clear sounding built-in Speaker and ¼" mono Headphone Jack.

\$129.95

Patents: U.S. 4293816 U.S. 4030026

Weight: 2 lbs. 15 oz.

COINMASTER[®] TR A.G.C. SERIES 2

ONE CONTROL FINDS IT ALL!

White's COINMASTER TR is the best detector there is for the novice treasure hunter. This detector will help you to find all metals, with minimized response to mineralized ground.

\$79.95

- White's lowest priced detector.
- A.G.C. (Automatic Ground Cancellation) minimizes the effects of ground mineralization
- Depth capability: 6' on a U.S. 25¢
- 6" non-interchangeable water resistant loop
- Built-in Speaker with ¼" mono Head Phone Jack
- Low Battery Alert light glows when the 9 volt battery (included) is low
- Rod length is adjustable.

Patents: U.S. 4128803

Weight: 2 lbs. 12 oz.

ACCESSORIES TO SUPPLEMENT YOUR DETECTOR

1. INTERCHANGEABLE CONCENTRIC LOOPS

Water resistant loops add flexibility to White's Series 2 metal detectors, (except the COINMASTER TR). The 4 INCH LOOP is designed for prospecting; detects smaller items at shallower depths. The 8 and 10 INCH LOOPS are general treasure hunting loops; ideal for coinshooting and relic hunting. The 15 INCH LOOP adds maximum depth capability and sensitivity on larger objects; ideal for locating deep treasures and industrial uses.

- 801-3118: 4" LOOP Series 2 \$59.95
- 801-3114-2: 8" LOOP Series 2 \$59.95
- 801-3178: 10" LOOP Series 2 69.95
- 801-3117: 15" LOOP Series 2 79.95

LOOPS FOR WHITE'S DETECTORS MADE PRIOR TO THE SERIES 2 MODELS

- 801-3111: 15" LOOP (CM 6000/D, 6 D/B & 6 D/B HM) \$99.95
- 801-3108: 15" LOOP (CM 5000/D) 99.95

2. HEADPHONES

Headphones add detecting privacy and the ability to distinguish between responses more easily. STANDARD HEADPHONES are mono, only. DELUXE HEADPHONES can be switched between mono and stereo, with L/R volume controls

- 401-0116: STANDARD \$9.95
- 401-0012: DELUXE 13.95

3. TREASURE HUNTING FIELD GUIDES

Written by successful, professional, treasure hunters. CONSUMER'S GUIDE comes from White's. It has general TH'ing Info, technical glossary, and a history about detecting and metal detectors. JIMMY SIERRA'S INTRO TO G.E.B. COINMASTERS is the finest book on the market for getting the most out of your G.E.B. detector. DIAMONDS IN THE SURF is an excellent guide to water hunting with metal detectors. Written by two of the leading authorities on the subject.

- 621-0219: WHITE'S CONSUMER GUIDE \$1.00
- 621-0218: JIMMY SIERRA'S FIELD GUIDE 4.95
- 600-0184: DIAMONDS IN THE SURF 6.95

4. TREASURE HUNTING APPAREL

White's BASEBALL CAP with logo. Adjustable headband fits adults and adolescents. White's high quality WINDBREAKER or QUILTED JACKET. Colorful White's TH'er T-SHIRT. (Specify sizes - Adults & Childrens.)

- 601-1111: BASEBALL CAP \$3.95
- 602-1088: SMALL WINDBREAKER 15.95
- 602-1089: MEDIUM WINDBREAKER 15.95
- 602-1090: LARGE WINDBREAKER 15.95
- 602-1091: X-LARGE WINDBREAKER 15.95
- 602-1079: SMALL QUILTED JACKET 24.95
- 602-1080: MEDIUM QUILTED JACKET 24.95
- 602-1081: LARGE QUILTED JACKET 24.95
- 602-1082: X-LARGE QUILTED JACKET 24.95
- 602-1093-01 thru 04: SMALL-XLARGE ADULTS T-SHIRTS 4.95
- 602-1093-08 & 09: 8 & 12 CHILDS T-SHIRTS 4.95

5. SAND SCOOP FOR WATER HUNTING

Yellow, molded plastic scoop with built-in handle. The holes are 1/2" wide to let sand and mud filter through, leaving behind valuables.

- 601-0045 \$9.95

6. TREASURE HUNTER'S APRON

Trash and treasure pockets. Made of machine washable canvas for long use. (Not pictured).

- 601-0024 \$2.95

7. DIGGING KNIVES

STEEL COMBAT styled knife with 7 1/8" long, 1 1/4" wide, blade. Comes with leather sheath. SKINDIVER styled knife with 7 1/2" long, 1 1/4" wide stainless steel blade. Has serrated cutting edges, rubber sure-grip handle and rubber sheath with ties for securing it to your lower leg.

- 601-0044: COMBAT KNIFE \$9.95
- 601-0046: SKINDIVER'S KNIFE 24.95

8. VINYL DETECTOR BAG

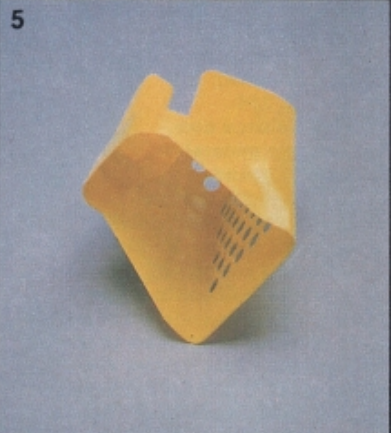

A specially designed vinyl bag to hold detector and accessories, emblazoned with White's logo. Fits all White's detectors. Specify handheld or hipmount.

- 601-1050: HANDHELD \$19.95
- 601-1079: HIPMOUNT 24.95

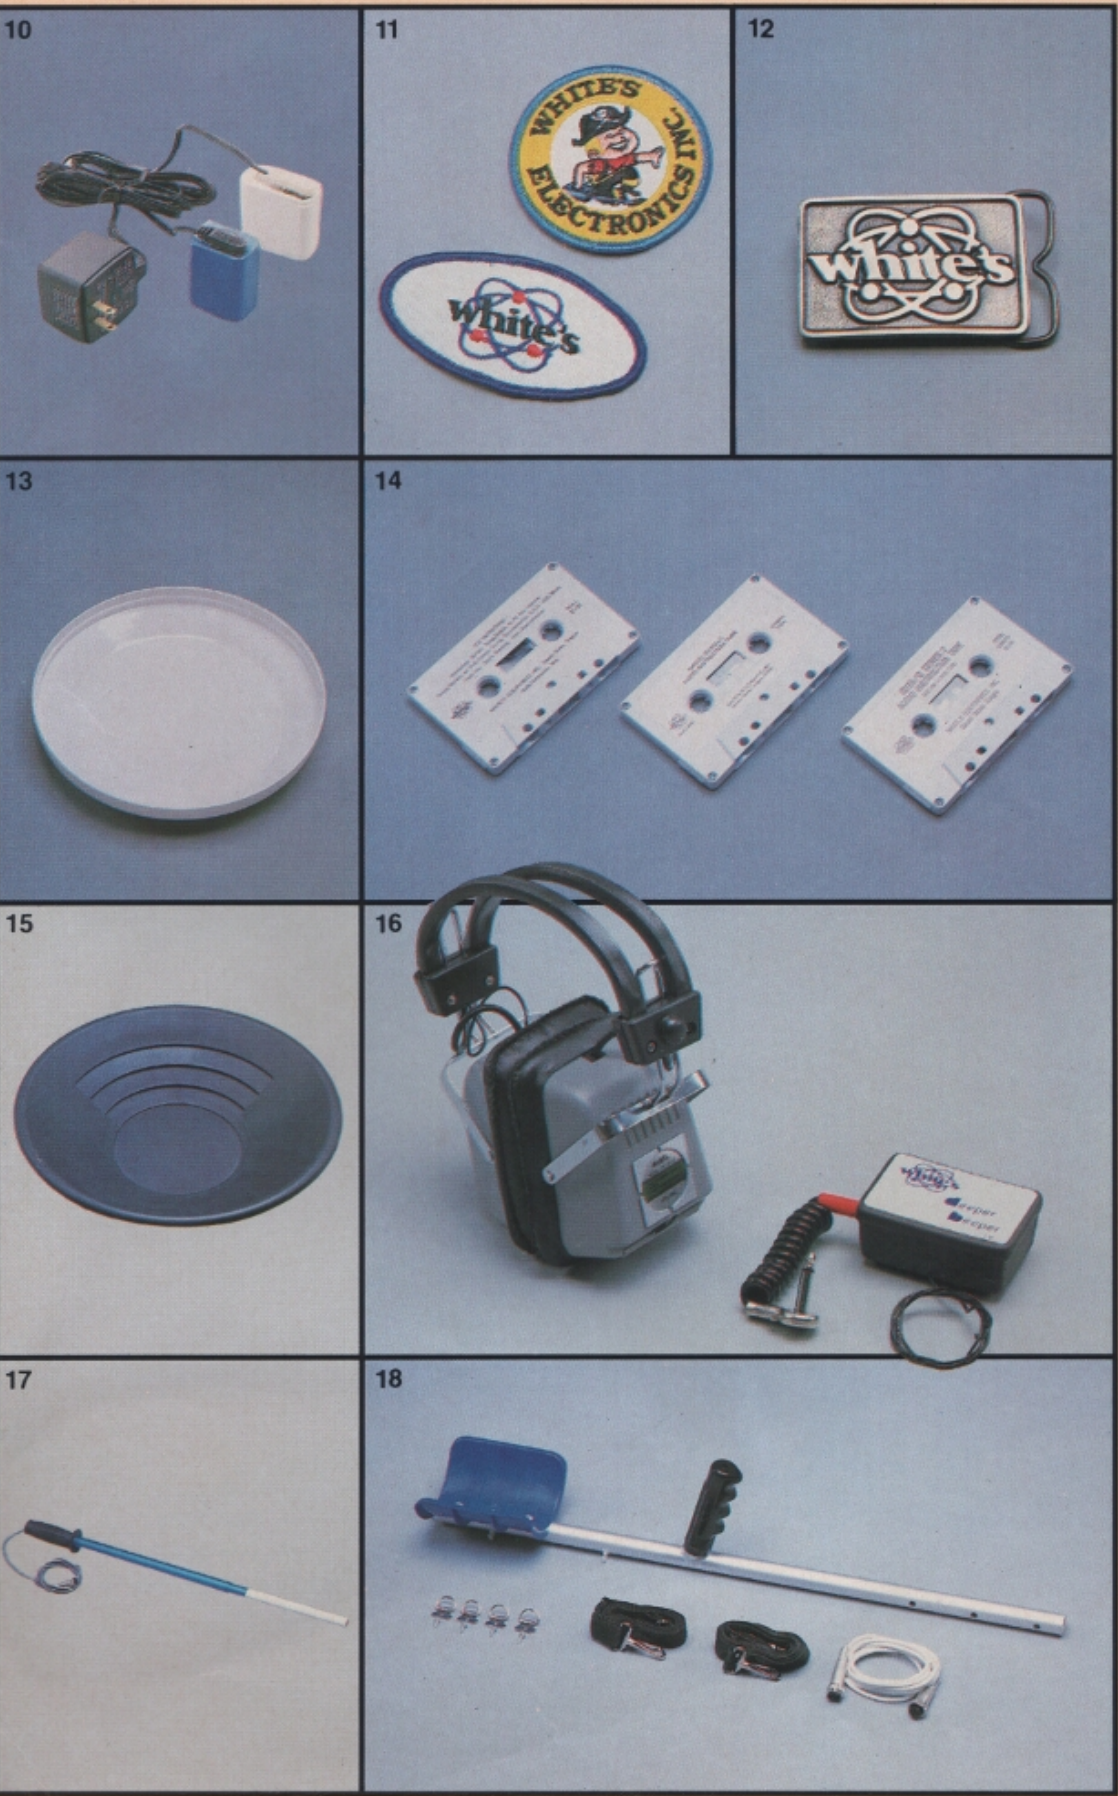

9. SHOCK PROOF CARRYING CASE

Made of high-density plastic, this rugged case protects your detector in even the toughest conditions. Designed especially for White's. For handheld models only.

- 601-1078 \$29.95

DETECTORS AND ACCESSORIES ARE AVAILABLE FROM AN AUTHORIZED DISTRIBUTOR, DEALER OR SERVICE CENTER, ONLY. WHITE'S DOES NOT SELL DIRECTLY FROM ITS FACTORY. TO PLACE AN ORDER, PLEASE CALL OR VISIT YOUR NEAREST WHITE'S DISTRIBUTOR OR DEALER. (DEALERS ALSO CARRY ADDITIONAL ACCESSORIES FOR WHITE'S INSTRUMENTS THAT ARE NOT PART OF THE CURRENT SERIES 2 LINE OF METAL DETECTORS.) FOR THE LOCATION OF THE WHITE'S DISTRIBUTOR OR DEALER NEAREST YOU - CALL TOLL FREE: 1-800-547-6911. PRODUCT SPECIFICATIONS AND PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

10. RECHARGEABLE BATTERIES
 Rechargeable batteries can save you hundreds of dollars over the life of your metal detector. These savings can even add up to more than the cost of your detector. Can be recharged up to 1,000 times.
FOR CM TR, 1 D/B & 2/DB Series 2 units
 512-0013: 9 VOLT NiCd* \$12.99
 509-0013: 9 VOLT NiCd CHARGER 6.95
FOR CM 4000/D & 4000/D HM Series 2 units
 512-0014: 6 CELL "AA" NiCd PACK \$17.00
 509-0016: 6 CELL "AA" NiCd CHARGER 6.95
FOR CM 5000/D, 6000/D & 6000/D HM Series 2 units
 512-0014: 6 CELL "A" NiCd PACK \$17.00

 509-0017: NiCd BATTERY PACKCHARGER 9.95

11. COLORFUL WHITE'S LOGO PATCHES
 These bright patches are machine washable and add distinction to any shirt or jacket.
 624-0048: PIRATE \$1.00
 624-0049: WHITE'S LOGO ONLY50

12. WHITE'S BELT BUCKLE
 Treat yourself to a handsome solid brass belt buckle. Designed for most wide belts.
 601-0022 \$5.95

13. PROTECTIVE LOOP COVER
 Molded plastic loop cover protects the bottom of your loop from scrapes. Available for 8" loop only. (10" loop cover available in 1983)
 501-0026 \$3.95

14. AUDIO INSTRUCTION CASSETTES
 Complete with sound effects. The GENERAL AUDIO cassette gives tuning, operating and hunting tips for White's COINMASTER instruments with one-turn tuner controls. The 6000/D AUDIO CASSETTE refers specifically to the 6000/D Series 2 models. Much of the information, however, also pertains to the 4000/D and 5000/D Series 2 models. The 6000/DI AUDIO CASSETTE refers specifically to the 6000/DI Series 2 detector. It covers tuning, TR, GEB, Depth Reading and Visual Discrimination Indicator information.
 621-0212: GENERAL AUDIO \$4.95
 621-0211: 6000/D SERIES 2 4.95
 621-0231: 6000/DI SERIES 2 4.95

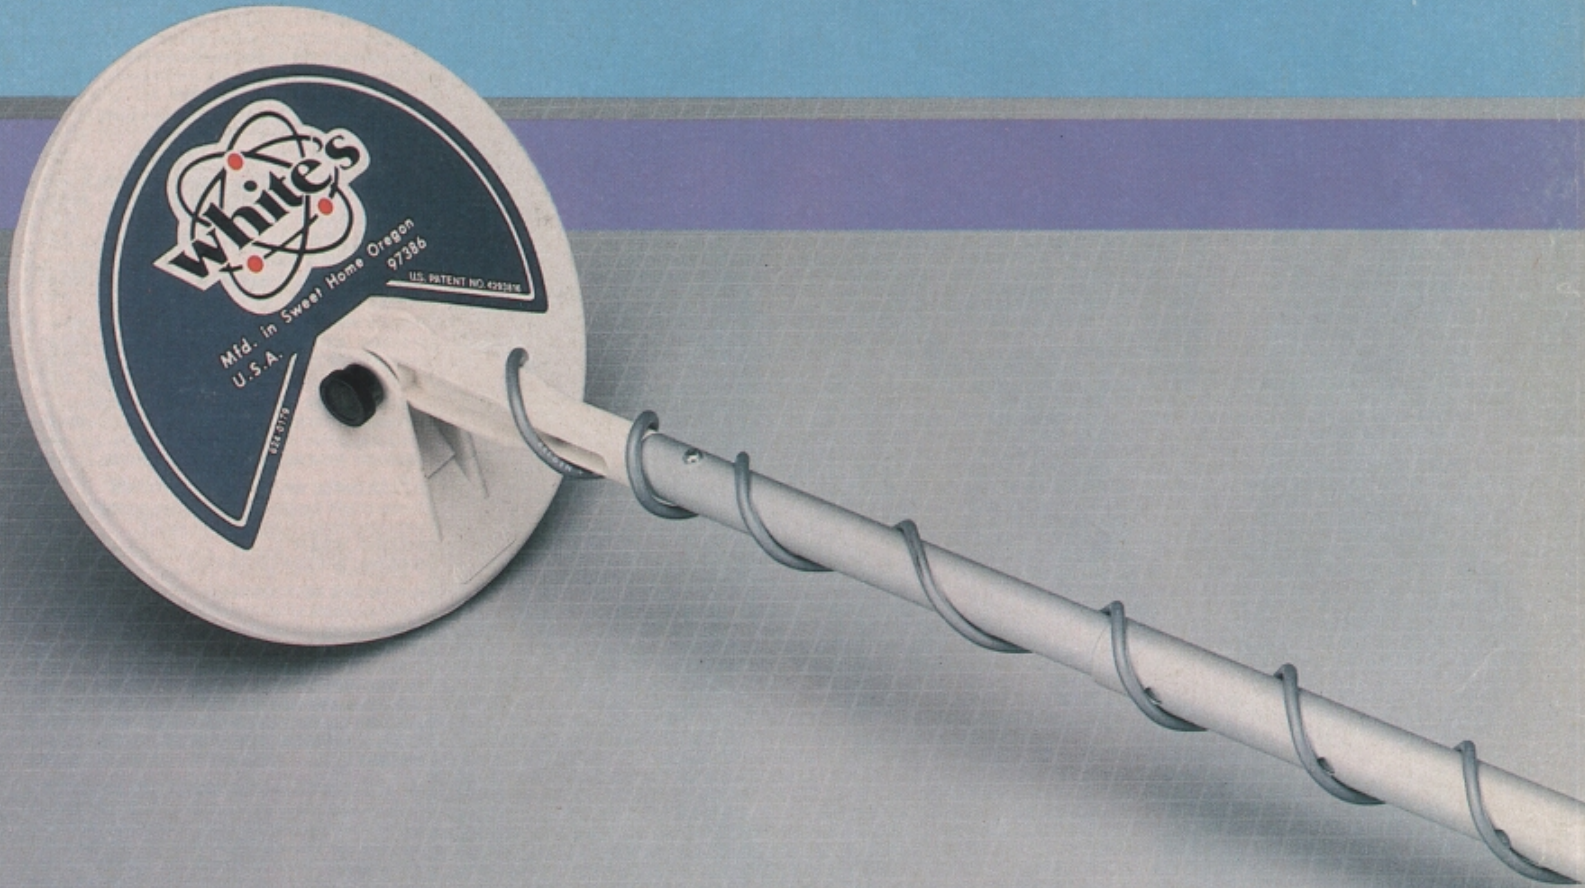

15. PROSPECTING GOLD PAN
 Sturdy plastic black gold pan with rifled edges to help trap the black sand and gold. 15" diameter.
 601-0151 \$5.95

16. WHITE'S DEEPER BEEPER
 This FCC approved transmitter plugs into the 1/4" headphone jack of almost every metal detector ever made. It transmits a signal to a cordless headphone. Adheres anywhere on a detector with a velcro strip. Enhances a detector's threshold tone for increased detection response. A "must" for serious treasure hunters. Use with CORDLESS HEADPHONES. These headphones have a built-in AM/FM radio with overall volume control. Purchase DEEPER BEEPER with cordless headphone at a \$9.95 savings.
 601-1081: DEEPER BEEPER \$59.95
 601-1080: CORDLESS HEADPHONES 19.95
 802-7043: DB W/HEADPHONES 69.95

17. WHITE'S CUSTOM GOLD PROBE
 Has a detachable rubber handle and a length that can be adjusted from 15 1/2 inches to 31 inches. It can be used as a handheld probe or attached to any Series 2 handheld detector (except the COINMASTER TR). Use it for prospecting, mineral sampling, coin hunting and water searching.
 801-3179: 3/4" PROBE KIT \$99.95

18. HIPMOUNT CONVERSION KIT
 Convert handheld models into hipmounts! Four different kits available to accommodate different detector plugs. Check with your dealer for the proper kit.
 802-5109-91 \$29.95/each

*Wherever this chemical symbol appears it refers to the words nickel cadmium used to describe a type of rechargeable battery.
